

# The MacroCenter Presentation Series at The University of Florida

**Prof. Dr.  
Katharina Landfester**

A Director of MPI/Polymers

**Max Planck Institute  
for Polymer Research  
Mainz, Germany**

**"Functional nanostructured particles  
obtained by the miniemulsion process"**

April 1st 4pm, Leigh Hall 207  
Chemistry Department

**"From particles to complex  
nanocapsules for materials science"**

April 2nd Noon, Rhines Hall 125  
Materials Science and Engineering Department

The Landfester Research Group at MPI/Polymers
